SWOT Analysis

Strengths

- Competitive price point (lower than major local and international brands).
- High-quality materials that balance comfort and durability. Simple, versatile designs that match everyday university life.
- Agility of a small local brand (quick decision-making and trend adaptation).

Weaknesses

- Low brand awareness, brand still looks new.
- Inconsistent social media presence and no strong brand identity.
- Limited product line (t-shirts only, seasonal risk)
- Sales still dependent on personal networks, not real market penetration.

opportunity

- TikTok & Instagram Reels provide massive organic reach at low cost
- Back-to-University season offers strong campaign potential.
- Rising trend of supporting local Egyptian fashion brands

Threats

- Intense competition
- Rapid fashion cycle could make current stock less appealing quickly.
- Students are highly price-sensitive.

STRENGTHES

- Strong Instagram Presence: 88K followers, giving high organic reach and brand visibility.
- Official Online Store: Functional website (zibrand.store) adds credibility and ease of purchase.
- Attractive Design: Modern styles, varied colors, and cohesive branding appeal to youth.
- After-Sales services
- Positive Feedback: 100% rating from 11 reviews reflects customer satisfaction and trust.

WEEKNESS

- Heavy reliance on Instagram and facebook for sales
- Limited info about fabric quality and production
- The brand doesn't relay on posts
- Frequent sold-out items suggest stock issues
- Limited presence on TikTok reduces reach and engagement

Our strategy

1-Content Creation

Photo session for t-shirts (multiple colors, styled looks).

Create content calendar with daily posts:

Awareness: brand story, product quality.

Interest: lifestyle posts, outfit ideas.

Engagement: polls

Sales: discount campaigns

2-Social Media Strategy

- Choose Instagram, Facebook as main platforms
- Schedule posts based on peak audience activity times
- Design a consistent visual identity: brand colors, typography, templates
- Collaborate with micro-influencers for better reach and credibility

3-Paid Ads

Start with Engagement Campaigns to grow followers.

Run Sales Campaigns with carousel ads showing the collection.

Test audiences: male students 18–24 in Egypt, interests = fashion, casual wear, university life.

Highlight offer: “From 550 to 450 EGP + Free Delivery.”

4-Tracking & Optimization

- Use Meta Ads Manager to track performance metrics (Reach – Clicks – CTR – Conversions)
- Run A/B Testing for ad creatives, visuals, and captions to find the best performers
- Monitor ROI for each campaign and reallocate budget based on results
- Implement Meta Pixel for accurate conversion tracking
- Update content themes and messaging based on reports
